KIP BATEMAN

A Different Kind of Republican

Unafraid to Stand Up to His Own Party to Protect Our Families:

- Opposing the PennEast Pipeline
- Fighting for Open Spaces and Clean Energy
- Protecting Our Drinking Water

***VOTE KIP BATEMAN FOR NEW JERSEY STATE SENATE
TUESDAY, NOVEMBER 7TH***

KIP BATEMAN

**We Can Trust Him to Fight for Our Values,
Not What Party Bosses Want**

Opposing the PennEast Pipeline

Kip Bateman has publicly opposed the PennEast Pipeline, which threatens our water quality and will cut through pristine, preserved lands. He believes corporate profits should never be put above the health of our families and environment.

Fighting for Open Spaces & Clean Energy

Kip Bateman sponsored legislation to increase renewable standards, requiring energy companies to find clean ways to produce energy. He also secured funding for more open spaces for our children to enjoy.

Protecting Our Clean Drinking Water

Kip Bateman provided \$25 million for clean drinking water initiatives throughout New Jersey and our community. These funds will go towards modernizing our facilities, and preparing New Jersey for the demands and struggles of the future.

***Kip Bateman is committed to our future,
our environment, and our families.***
