Working to Keep Us Safe and Healthy

Zwicker, Freiman and Jaffer have detailed plans to:

- Stop harmful pollution that can cause asthma and other health problems
- Ensure clean drinking water for our families
- Prepare our community for severe storms and climate change
- Protect our greenspaces and fight against over-development

Andrew Zwicker
A Proven Commitment
to Our Community

Andrew Zwicker is a physicist at Princeton. Since 2015, he has passed laws to stop pollution from fracking and fossil fuel drilling. He has consistently been one of our strongest environmental champions in the legislature.

Roy Freiman
An Environmental
Champion

Roy Freiman was elected to the Legislature in 2017. He has fought to ban plastic bags, expand electric vehicle use and protect our open spaces.

Sadaf Jaffer
A Track Record
of Service

Sadaf Jaffer also teaches at Princeton. As Mayor of Montgomery Township, she created a crisis plan that helped her town maintain some of the lowest COVID-19 rates in New Jersey.

For State Senate: **Andrew Zwicker**
For State Assembly: **Roy Freiman** and **Sadaf Jaffer**
Protecting Our Air and Water
